Enthusiastic about contributing to the field of software engineering by implementing innovative solutions that drive positive impact and transformation.

TECHNICAL SKILLS - JavaScript, Python, Flask, React, Node.js, Git, GitHub, HTML/CSS, Express, SQL, SQLAlchemy, Sequelize, PostgreSQL, AWS, Docker, Render, JINJA, Object-Oriented-Programming (OOP), Test-Driven-Development (TDD)

RELEVANT SKILLS - Full-Stack Development, Database Management, API Integration, Version Control, Microservices Architecture, Responsive Design, Scrum Methodologies, Web Security Best Practices, Client Management, Negotiation

PROJECTS

FitFolio <u>Github</u> | <u>Live</u>   *JavaScript, React/Redux, Python, Flask, Docker, Render*
- Developed an innovative fitness tracking platform: Engineered FitFolio to offer users a unique and dynamic fitness tracking experience, incorporating groundbreaking data visualization techniques for easy progress tracking.
- Engineered a Comprehensive Nutritional Tracking System: Integrated a robust system within FitFolio for users to log and monitor dietary intake alongside fitness activities, enhancing the overall health tracking experience.
- Established Personalized Goal Setting: Instituted a personalized goal-setting system in FitFolio, enabling users to define fitness objectives and receive tailored recommendations based on their individual preferences and progress.

SavoryScoot <u>Github</u> | <u>Live</u>   *JavaScript, React/Redux, Python, Flask, Docker, Render*
- Optimized Seamless Order Processing: Engineered an innovative system in SavoryScoot to revolutionize order processing, ensuring a swift and efficient journey from order placement to doorstep delivery, elevating the overall user experience.
- Crafted an Intuitive Partner Restaurant Interface: Devised an intuitive interface for partner restaurants in SavoryScoot, streamlining menu management and order fulfillment for a seamless collaboration with the platform.
- Enhanced User Experience with Order History Exploration: Elevated the user experience in SavoryScoot by implementing a robust order history feature, empowering users to seamlessly explore and reorder past meals, ensuring a convenient and personalized ordering journey.
